

Steel Yard Educational Scholarships

The Steel Yard is dedicated to supporting individual artists in their pursuit of knowledge and financial independence. For many students our open enrollment courses can be just that; a chance to learn an art form or a trade in a setting that encourages experimentation and personal growth. We are proud to offer scholarships in all of our teaching departments, which make our open enrollment courses accessible to students who many not otherwise be able to afford this unique industrial arts opportunity.

Applications will be reviewed as received, and responded to within 30 days of receipt.
